Loving Yourself1. Loving Yourself It seems so much of my time and my energy have been focused on making or trying to make other people love me. The unspoken belief was that if I could make myself lovable to others I would feel loved. Therefore, I spent much of my life trying to be more beautiful, skinnier, funnier, sweeter, and on and on. Every time I felt sad and not loved I would try to change something about myself, like, 'I won't talk so much,' or, 'I will be less needy.' Although both of these things would no doubt help, the point is, it isn't about what anyone else thinks of me. The truth is, I can only feel loved by others when I love myself. If I don't love myself, I will never feel loved. Kimberly Kirberger ©2008. Kimberly Kirberger. All rights reserved. I'm a twenty year old girl who's been writing in a journal since I was twelve. I've never had a journal like this before! It really helps you get through your teenage years. I know I'm not a teenager anymore but I still read Chicken Soup for the Teenage Soul books. They just inspire me so much. I go through this journal everyday and I'm learning a lot about myself. I just wish I would have gotten this journal when I was twelve. I have a nephew who's twelve and almost in seventh grade. I'm buying this journal for him and I hope he works on it like I have. Thank God for Chicken Soup for the Teenage Soul!!!!

I loved this journal when I was a teenager and now I bought it for my teenage daughter.

My daughter loves this journal and it didn't take long to get shipped.

Wonderful journal for my g.dtr.

It's ok. I wish there were some longer stories with more opportunity for student response to someone else's tale.

I love this book! It's not just a journal. It's very therapeutic and it will definitely help people who feel they are detached in certain areas of their life. Some times it says, "Write some things that you feel you are being pressured to do by your family. As you write it down, imagine that you are throwing it

in the trash." This is definitely a great book, even if you aren't having any troubles in your life. There are even places for your friends , boyfriend and family to write in for support. I highly suggest this book for everyone who reads the Chicken Soup Books. And even if you don't, this is a good book to start with.

This is a gift for our Granddaughter so we do not know the outcome yet, however she is 14 so we are sure it will be liked

The item arrived in good time and condition as per 's promise. Good job all!
