The Annihilation Saga: Lost Royalty

Synopsis

After more than three-thousand years, Tag and Danielle decide to return to the Stars Realm to see whatâ™s happened in their absence. They arrive to find that the Realm has changed radically from what it once was and the changes are not a good thing. Now they are facing off with the current rulers of the Realm, only to discover that the Realm will use the advanced warships in Algean Fleets to attack if they try to impose their will on the Realm. And if this isnâ™t enough, Tag and Danielle discover the Realmâ™s Universe is in danger from an alien species that will be arriving soon. A creational crisis is coming and the Gardners are going to turn their backs on everything they built thousands of years ago. They realize the Realm has Lost its soul as well as its Royalty. From the international bestselling author, Saxon Andrew, comes the next saga in the Annihilation Series. Meet old and new friends that will keep you on the edge of your seat wondering what is going to happen. One thing is certain, the Stars Realm is going to die and thereâ™s nothing Tag and Danielle can do to stop it. Excerpt from Lost Royalty:âœQueen Danielle no longer rules the Stars Realm. I take my instructions from the lawful rulers there,â• the Algean Senior Elder sneered. Seedel looked at Danielle, while Sprigly spoke to the Elder, âœThe Algeans on the planet are torn on this issue. They are struggling with giving up the right to defend those that were brought here.â•Danielle sighed, âœSo once again they put those civilizations ahead of their oaths.â•Seedel hung her branches, âœIt appears they do.â•Danielle eyebrows lowered, âœSprigly, send my thoughts so everyone on the planet can hear.â• Sprigly nodded. Danielleâ™s eyes narrowed as she thought, âœThis is the second time you have placed the civilizations in your galaxy ahead of everything including the oath that was made to me.â•The Great Elder hesitated and then said, âœYour Majesty, when you forced us to make that oath there was a threat facing us. The current rulers of the Stars Realm have removed the oath and you have no threat to force us do your bidding now.â•âœHave I ever done anything but protect you in the past?â•âœThat was long ago.â•âœAnswer the question.â•âœNo.â•And you refuse to do as I want?â•âœWe will not give up the defense of those that were brought here thousands of years ago.â•âœThen I am forced to tell you that my oath to defend you is no longer valid. You and the current Realm are no longer under my protection.â•The Senior Elder sneered, âœAnd you think that carries any weight?â•âœYou will see and next time you come to me begging to protect your galaxy, you will be ignored.â• Danielle looked up, âœAlex, get us out of here.â•The Great Elder thought, âœWhat are you talking about?â• But his question was greeted by silence. He asked again but heard nothing in response. What did the former Queen mean by her comment? Lost Royalty takes off fast and picks up speed. Go back to the Stars Realm and hang on for a good romp into intergalactic war,

as the former King and Queen of the Realm are faced with an enemy they cannot defeat.
