Sylvia Woods is one of the leaders in the harp world. She has written over 20 books for the harp, and has made three recordings. She owns the Sylvia Woods Harp Center, found online at harpcenter.com, which features harps, harp music books, harp recordings, harp accessories and downloadable music.

This will be a great challenge as I progress in learning to play the harp. Many of the songs in here I already play on other instruments, but each instrument has its own little particular methods. So this will be a great book to use with the harp.

I'm just a beginner lever harp player. Most (if not all) of these songs are easy enough for me to play now, but I can easily see them still being fun & challenging to play several years from now!

Great collection for beginners and more advanced harpists.

Love this book. It has a variety of music, many of them the best loved hymns we grew up singing, in two versions. I've only been playing the harp for two years and its nice to have an easier version to play but it is also nice to have the second version to aspire to.

Useful. Missing some classic wedding requests, but over all very useful. More hymns then wedding stuff

great arrangements and varied difficulties. Good for special music at church.

Fine. Met all expectations. We already had the other two of this group so knew what to expect. No disappointments.

Many of the songs weren't at all familiar. Most arrangements need some improvisation or embellishment to be suitable for public performance.
