More Than An Otter (Shifty Book 5)

Synopsis

"I didn't want to meet my soulmate. I didn't want to see his face or talk to him or admit that for some ridiculous reason I was supposed to be his. "Okay, I used to want to meet him. I wanted that more than just about anything else. But that was before I found out that he had known where I was for two years but decided not to come find me." Kennedy has always loved humans, and for as long as she can remember, has thought shifter culture is much less romantic than human culture. When she learns that her soulmate doesn't want her but is still coming to find her, she tries to run away as fast as she can. Hitting him with her car puts a dent in her escape plan, however. Literally. With an entire museum to renovate, will Kennedy and Grant have time to fall in love? What if they don't? There's a lot on the line for this girl. The first shifter museum, her lifelong dreams... oh, and her soulmate. Kennedy sure has her hands full, but will she be able to manage it all? About the Shifty Series: 11 girls... 11 stories. What happens in a world where humans and shifters live together in peace? Well... a lot, actually. In this series, you'll get just a glimpse of it. Each of these ladies is fighting for love and for change in their lives and the world around them. The books each stand on their own as every girl tells her story, and don't have to be read in any sort of order to be enjoyed. With a new love story and happily ever after in each book, this series will show you a new way to view shifters, one you may not have ever considered before. *These books are clean Young Adult/New Adult fiction and contain no explicit content. Customer Reviews

I loved this book because it was not the typical love story. They tried for a month and then failed because they weren't falling for each other but the idealistic part of each other. Thanks Kit Ryan

But I still liked it, the style was different and it made you want to devour the story even faster!

All of the book have been very good sometimes I think are Shifty out there waiting for us to find them until I do I will have to read all of you books are so should all of you

I love to read and what like about this book is that they both fell and they think that there not ready and try to give enough chances and try to make it work for both of there dreams.
