Customer Reviews

A lot of this information is obvious. Wish it had more information. Some interesting stuff about colognes, but that was it.

Good, easy and quick book... You can learn a lot from reading this book - Just get and read it! :)

Nice and very quick read, I think that at this price, you get what you pay for. Liked the tone, the jokes, the personal angles. Would have loved to see some photos or pictures. Quite a few typos, which bring down the grade a notch.
