Outcome Assessment In Advanced Practice Nursing: Third Edition

Synopsis

Awarded first place in the 2013 AJN Book of the Year Awards in the Advanced Practice Nursing category Named a Doody's Core Title This is an excellent and timely tool for advanced practice nurses." Score: 100, 5 stars -Doody's Medical Reviews Measuring the results of APN care has become increasingly important as a way to demonstrate the significant impact of APN nurses on practice outcomes. The third edition of this award-winning volume has been updated to provide the most current knowledge, perspectives, and research on assessing outcomes of APN care. It addresses not only the health outcomes of APN practice but the economic impact of APN care as well. Chapters discuss outcome measurement in all areas of advance practice nursing, including identifying outcomes in specialty areas and in community and ambulatory settings. The text provides detailed descriptions of how to conduct outcomes assessments, how to locate the most current instruments and measures for APN assessment, and perspectives on international initiatives in APN assessment. Examples of outcomes studies at the DNP level are culled from the most current published projects. Written by expert practitioners, educators, and researchers in APN outcomes assessment, this book will provide the essential information to help all APNs-regardless of specialty area or practice setting-to increase their skill level in designing outcomes-focused clinical research, selecting instruments, and analyzing outcomes data as critical components of their professional practice role. The third edition is completely updated and expanded to include: A new chapter on assessing outcomes at the DNP level through data gained from the most current research An expanded literature review on outcomes measurement research Guidelines for selecting assessment instruments Perspectives on an international initiative for the development of an APN research data collection toolkit New chapter objectives and critical discussion questions Updated web links

Customer Reviews

"Named an AJN Book of the Year and a Doody's Core Title! ""This is an excellent and timely tool for advanced practice nurses."" Score: 100, 5 stars -Doody's Medical Reviews Measuring the results of APN care has become increasingly important as a way to demonstrate the significant impact of APN nurses on practice outcomes. The third edition of this award-winning volume has been updated to provide the most current knowledge, perspectives, and research on assessing outcomes of APN care. It addresses not only the health outcomes of APN practice but the economic impact of APN care as well. Chapters discuss outcome measurement in all areas of advance practice nursing, including identifying outcomes in specialty areas and in community and ambulatory settings. The text provides detailed descriptions of how to conduct outcomes assessments, how to locate the most current instruments and measures for APN assessment, and perspectives on international initiatives in APN assessment. Examples of outcomes studies at the DNP level are culled from the most current published projects. Written by expert practitioners, educators, and researchers in APN outcomes assessment, this book will provide the essential information to help all APNs?regardless of specialty area or practice setting?to increase their skill level in designing outcomes-focused clinical research, selecting instruments, and analyzing outcomes data as critical components of their professional practice role. The third edition is completely updated and expanded to include: A new chapter on assessing outcomes at the DNP level through data gained from the most current research An expanded literature review on outcomes measurement research Guidelines for selecting assessment instruments Perspectives on an international initiative for the development of an APN research data collection toolkit New chapter objectives and critical discussion questions Updated web links "

Ruth M. Kleinpell, PhD, RN-CS, FAAN, FAANP, FCCM, is Director of the Center for Clinical Research and Scholarship at Rush University Medical Center and a Professor at Rush University College of Nursing, Chicago Illinois. She is also a Nurse Practitioner at Our Lady of the Resurrection Medical Center, Chicago Illinois. She serves as Chair of the American Academy of Nursing's Expert Panel on Acute and Critical Care, which has received funding by the Hartford Institute for Geriatric

Nursing for the REASN (Resourcefully Enhancing Aging in Specialty Nursing) web-based modular project, now in creation. Other recent awards include recipient of the first American Association of Critical Care Nursing Impact Research Grant (\$50,000) and the AACN's 2010 Flame of Excellence Award for sustained regional and national contributions to acute and critical care nursing.

missing printing on many pages, skips and is random. publisher quality an issue, sellers take no responsibility. now have great kindling for fireplace since it is entirely unusable.

Good information

As promised

no issues

not an easy read..

Excellent!! Easy read!

for school

Excellent book!
