Laugh! Cry! Swoon! These three words signify the writing style of our author. She will make you go through all these emotions as she tells you a story that you will not soon forget. Not everyone has the gift of humor in their story telling. After reading the THAT MAN series, I know that nothing is impossible, humor can be found in the most everyday things, and the male characters this author writes about will make you swoon and dream about them. Unforgettable is the story of a Hollywood actor who has been declared by People magazine as "The Sexiest Man Alive". No words can describe the carnal attraction he oozes, but our author successfully brings him to life. Well, almost totally alive. He is just a little out of it after he was found like road kill by the side of the road after someone hit him while he was jogging. Only the efforts of this good samaritan, Zoe who happens to be his personal assistant, keeps him alive. In a coma for days, part of his memory missing and finding himself engaged to the most obnoxious of girlfriends, is just the beginning. This is a journey for Brandon and Zoe as they attempt to piece together his memory and keep him from going over the edge with his fiancée. All I can say there was never a character as devious and detestable as Katrina (the obnoxious girlfriend) as she plans their wedding and future, without caring how much money she spends and Oh, of course, the fact that Brandon has no recollection of their engagement. Further amusement can be found in Gucci, Katrina's designer puppy. The poor heart is subjected to such indignations, you can only empathize with him as he fights for his freedom. All in all, this is truly a Hollywood story full of drama, passion, villains and unexpected heroes to delight your reading experience.

I enjoyed all three books, but book three was my favorite. The epilogues in that book were great. Spoiler alert: I strongly disliked Katarina and was disappointed that Brandon didn't break up with her in book one. I was frustrated that Zoey left in book two.

Yet another amazing series by the amazing Nelle L'Amour! You want a great book to read try this series that will have you screaming and more! Looking forward to reading more of your books Ms. Belle L'Amour, keep bringing them on!

This was incredible love story I felt I was living the story with them. I couldn't wait to find out their next adventure.

I loved the story of Zoey and the luscious Brandon. Although only in Lala Land is a size 10 a "plus"

size. God. I have NEVER been a 10. Plus size is generally 14 and up. Get real. I do want to finish Jennifer and Blake's story. But, please, learn the proper spelling of "all right." It's always two words.

This was only ok. DEFINITELY not worth the \$7 I paid for it!! Not well written, doesn't flow well. Extremely sorry I wasted the money.

Another amazing book by this author. Hot, suspenseful, romantic read. Would definitely recommend this series. Captured my attention from the beginning. A must read.

Loved the series.. Thank you Nelle for another great book series
