Mistakes That Worked: The World's Familiar Inventions And How They Came To Be

Synopsis

Do you know how many things in your daily life were invented by accident? *SANDWICHES* came about when an English earl was too busy gambling to eat his meal and needed to keep one hand free. *POTATO CHIPS* were first cooked by a chef who was furious when a customer complained that his fried potatoes weren't thin enough. Coca-Cola, Silly Putty, and X rays have fascinating stories behind them too! Their unusual tales, and many more, along with hilarious cartoons and weird, amazing facts, make up this fun-filled book about everyday items that had surprisingly haphazard beginnings. A splendid book that is as informative as it is entertaining . . . a gem. • "Booklist, Starred"

Customer Reviews

"Jones gathers together in a splendid book that is as informative as it is entertaining. Jones has great fun with facts, dredging up plenty in a lively, anecdotal account that recollects the oddball origins of a variety of foods, clothing, toys, and devices....A gem of a book."--Booklist, starred review.

CHARLOTTE FOLTZ JONES was an author of award-winning nonfiction books for children, as well as numerous magazine articles. JOHN O'BRIEN is a frequent contributor to the New Yorker

magazine and has illustrated many popular children's books.

What a great book to give to a child who is shy and worried about making mistakes.

I feel Mistakes that Worked is the perfect fun read for inquisitive readers of all ages. I sure did learn a lot of interesting things and am glad those mistakes were made. A perfect read for middle grade level readers and everyone else as well. I was given a copy of the book by the publisher
