Customer Reviews

JENNIFER ADAMS is the author of more than 30 books, including board books in the best-selling BabyLit series which introduce young children to the world of classic literature. Jennifer works as a writer and editor in Salt Lake City, Utah. Visit her website at jennifer-adams.com. Alison Oliver runs Sugar design studio. Alison's portfolio reflects her love of drawing, pattern and color and includes everything from illustration to logos and packaging design. She lives in New York City.

The illustrations are adorable and it is a fun way to share about colors and elements of a favorite story. I say "elements" because it doesn't really tell the story of the Wizard of Oz, but different items from the book are grouped together. Even with that though, it is a fun book to read with my son.

I actually had to return this book due to the shape it was in upon arrival. In a way I am kind of happy about it though as it's not as great as I had hoping it would be. I could see how the accent colors could cause color confusion though I do think the images are cute.

I ordered another book in this series last year for my toddler daughter for Christmas and loved it, so I decided to get another. This one I do not like at all. I showed it too my older kids and they thought it stunk, too. I returned it.

Baby lit books are our all time favorite books! They are small books, but that does not underestimate the goodness inside. We have ordered just about all of the baby lit books and love to swap them out during seasons and holidays. I also love that they have different primers and different types of learning for your little one. These books are great gift ideas, there are a lot of genres to choose from. The artwork and colors are bright and vivid, very pleasant to look at. The mommy and the teacher in me loves and approves these books!

Another good book from baby lit.

Had my doubts about this publication series but I love it, very cute at introducing colors and original book characters.

The illustrations are adorable and right on point with what I would expect from Adams. My only let down was the pictures are based on the book more than the movie. Since I am unfamiliar with the book I wasn't expecting it. Still cute though

I don't like that there is a lot of red all over the other color pages. But otherwise good! Also my pages were stuck together when I received it so for a minute it looked like there was no "blue" and that Dorothy wasn't featured. Haha
