If you are looking to travel to Toronto soon, this book by far has some of the best tourist attractions to visit! From the CN Tower to the fairytale Casa Loma Medieval Castle to Cabbagetown you will not be disappointed with the list of these 10 most exciting places to visit. I look forward to my vacation there knowing I will be visiting some of the best Toronto has to offer. Thank you!

Doesn't have everything...but I guess it's okay. I was disappointed that so many sights were left out...and that there were no pictures. But it was very inexpensive and may suit some people.

I was really disappointed when I received this. I paid \$10 for it & all the information could have been googled.
