## Customer Reviews

This is really a review of the man, who gets 5 stars and more. Admirable and inspiring. Of all the public figures in America, Mr. Dees and Tia Torres are shining examples for kids to look up to, for anyone to look up to. The 4 stars is for the book in which I would have liked more pictures, and maybe an update. But I am just proud to call Mr. Dees a fellow American. Thank you, Morris Dees!

Morris Dees is a man seeking Justice for the "least of these" in our nation. He is a valiant witness for Truth, and he has traveled across America standing in courtrooms winning cases against villains that robbed the lives of others and hijacked justice. There have been times when no state, county, or city would indict the criminals, and Dees took those cases and won them. He is a true servant of humanity, and he has paid his dues to society by his brave and bold stands. Each of our 50 states needs a Morris Dees working for Justice in America. His autobiography gives us glimpses into his life and work. He is our Clarence Darrow of the 20th and 21st Centuries. If you love Justice, Peace,

and Brotherhood, this is a book that will reveal what one man can do. Having been threatened and abused for his stands he is a fine example for all men and women that want to help make America what she should be.

The Southern Poverty Law Center is constantly in the news for the important work they do. This book made me a believer. You can't read it without being touched by it. If I could give it more than five stars, I would. It is one of the most important books I have read.

Morris Dees, for me, is a modern day hero. I have followed his work at the Southern Poverty Law Center for years and have donated to his cause.

Greatly enjoyed this book - - really helped to understand the lives that were involved and what happened and why

Involving and touching story of the growing up of one of our nation's finest lawyers, the man who bankrupted the KKK in at least two states, and the Aryan Nations in Idaho.

I didn't buy this book for me, but for my adult children. I had received a copy from the author and I wanted my children to be familiar with the information within. If you're not knowing the history of discrimination in the south or if you're under the impression that the bias of the past is now all in the past, this is the book for you. Beside being an interesting autobiography, it's a compelling read on the great need for, and the accomplishments of, the Southern Poverty Law Center that the author founded.

To a very large extent "A Lawyer's Journey" is a repeat of "A Season for Justice." Buy one or the other but not both. Way too much alike and repeat the same things.
