Customer Reviews

"This inviting celebration of Viking life and culture will satisfy the information needs of researchers while also piquing the interest of casual browsers and burgeoning historians... A feisty Viking sensibility pervades throughout, inviting readers to ride with Valkyries, seize new vocabulary by the horns, and think like a Viking as they tackle content." -- Booklist.

NADIA HIGGINS is the author of more than 80 books for children. She has written about everything from ants to zombies, with many history topics in-between.

A perfect supplement to teaching about the middle ages! It has amazing pictures, amazing facts and is so much fun to read together! Our primary history curriculum is "Story of the World" and this is a perfect add-on for Volume 2. I don't usually buy extra books but this one is too fun not to get!

Nice Book about Vikings. My son loved this book. Great book to explore more about our world through the time. The Vikings are talked about all the time in my house.

Great descriptions of the Viking. True to history and pics are awesome. Easy to read. Good buy

Looks to be a wonderful Yule gift for my almost 11-year-old grandson! Especially when he learns he has a bit of Viking blood & dna in his own self! Excellent book for kids of all ages just beginning to learn about Vikings & the Norse culture/society!

Great entertaining book.

Bought this for my 7-year-old daughter prior to taking a trip to Denmark. We liked the book as much as she did. Lots of cool facts, and exciting format.

This is a great box filled with pictures, information, and factsperfect for my grandson's school project.

I got this for a 5 year old who loves Vikings. The book is informative enough to be interesting to adults and has enough pictures to be interesting to small kids.
