I really appreciate how the author identifies big concepts and illustrates them in ways that are recognizable. A truly illuminating read.

Great foundation in building the image you want to have Easy to read and digest. A must have, just as a reminder to yourself how awesome you are!

This book TOTALLY hits spot on lots of stuff I was thinking about as I've been trying to improve myself and I'm glad that the author articulated them so well! Confidence is my choice! This is now my mantra, and I love it.

I give this book 5 stars. It deserves it; it's a big improvement over other books I have bought and read from . I am a fan of this author and this book does not disappoint. I would give it more stars if possible!

Really loved it. Very inspirational but it goes beyond that in telling me what steps I can take tomorrow to instantly improve everything about myself. I will re-read this book again soon I think.

Like most of these types of books it has good information. Just a little over simplified.

This book gives you practical skills that can be used on a regular basis.
