This is a great book. I bought it for my 8 year old since he is into gemology. It is a little advanced for him reading-wise, but he enjoys the photos and it is fun to read it with him.

Perfect!

I bought this for my grandsons. They love it!

Grandson reading it all the time and before bed most nights.

My granddaughter love this book as a gift

Great book

My niece loves it!

Perfect for Geology with kids.
