My 8 yo son is not much of a reader but loves Minecraft. I was hoping that buying these books would get him more interested in reading and not so much of a fight when it comes to his 10 min reading that he has to do nightly for school. And this book has done the trick. My son will even ask to read a little longer sometimes because he is "at a good part." lol Would highly recommend for any

young reader that likes Minecraft.

I had a hard time getting my son interested in any particular book or series, but my kids love all these Zack Zombie books. They are perfect for a 3rd grade level reader. The books are fun to read, but there are some type-o that the publisher should have caught.

I bought the Diary of A Minecraft Zombie books for my Minecraft obsessed 10 year old daughter and she loves them! She quickly finished each book and I can't buy them fast enough! Would definitely recommend to anyone buying for a young (8-11 yr old) Minecraft obsessed child!

Love! Love! Love these books for my 8 year old. He has always struggled with reading and hasn't had the interest in any books before. I can believe how much his fluency has improved, he is flying through the series with such excitement and joy! He has finally connected with reading. Thank You!!!! Please keep publishing more books.

I read these to my daughter before bed. We really enjoy reading them. The stories are fun. Poor Zombie. I hope he enjoys camp.molloni &BlookittiePC

My classroom full of third graders LOVE these books! I purchase them every few months and they go crazy over them!!

My daughter loves these books. Her and I would read them together and have a good laugh. She would show me her little figures so i would know what they are & what they can do. I look forward to reading them with her. It's our fun time.

My kids love this series and want more to read
