Customer Reviews

This method book was exactly as I hoped. It arrived quickly

Required textbook for my music major son. He likes the book as well as one could when reading for school. Well laid out and organized.

The book is great! Of course, there isn't much to say about the book itself, but it arrived in time to start the next level to the book.

Condition of the book was advertised as 'very good'. At best, it was 'fair'.

i needed this quickly as my son had started band in school and did not have this book. it cam very quickly and in good condition and what else can you say..

Quick shipping is always a plus
