Here's a very helpful guide for the fly fisherman who's just learning about Idaho's many and varied waters. Mason, an experienced guide based out of Sun Valley, spotlights 20 of the best waters in Idaho. Each profile includes a map showing access points, best fishing spots for various species, and more. Another nice touch is a ranking by the author of each water, lending perspective to the authors comments and helping the reader gauge the quality of the angling to be had. Waters included in the profiles include the Clearwater river, Kelly Creek, Henry's Fork, Silver Creek, the Salmon river, the South forks of the Snake and Boise rivers and waters in the Hagerman area. -- Ted Eisele, The Best Fishing In Print 08/94
