I love this book! It is a little redundant in the use of some terms (primarily the use of "greetings" as a greeting to the sea animals) but I absolutely love that it doesn't 'baby talk' or dumb things down. It's refreshing. I enjoy reading it to my son. We stop and I explain about the animals while we read. It's definitely more of an intellectual kids book. Great for active and curious minds!

Good book with basic sea life plus a little more. Includes dolphins, whales, otters, sea lions, octopus, jelly fish and even a Coast Guard ship. Repeated vocabulary good for retention. Not our favorite Good Night book but my 3 year likes it. Good follow up after family trip to ocean and aquarium.

I am getting my grandson everyone one of these books. Good night [what ever state it is that month]. He has most of the east coast .

we're beach people and my 2 Grandchildren love this book. Plenty more by Mark Jasper

As always such a great book!! This is the only Good Night Book so far we can't find the mouse?!

Gave this as a gift to my grandson and he loves it.

This book series is adorable for our grandson, colorful and teaches him as well. The hardcover makes it nice to not worry about it getting messed up too.

Great children's book. Sparked a child's imagination about the world of animals in the ocean
