Stuart Little

Synopsis

The classic story by E. B. White, a author of the Newbery Honor Book *Charlotte's Web* and *Trumpet of the Swan*, about one small mouse on a very big adventure! Stuart Little is no ordinary mouse. Born to a family of humans, he lives in New York City with his parents, his older brother George, and Snowbell the cat. Though he's shy and thoughtful, he's also a true lover of adventure. Stuart's greatest adventure comes when his best friend, a beautiful little bird named Margalo, disappears from her nest. Determined to track her down, Stuart ventures away from home for the very first time in his life. He finds adventure aplenty. But will he find his friend?

Book Information

Lexile Measure: 920 (What's this?)

Series: A Harper trophy book ; J56

Paperback: 131 pages

Publisher: Harper & Row (February 1, 2005)

Language: English

ISBN-10: 054502028X

ISBN-13: 978-0064400565

ASIN: 0064400565

Product Dimensions: 0.2 x 5.2 x 7.5 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 318 customer reviews

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

How terribly surprised the Little family must have been when their second child turned out to be a small mouse. Apparently familiar with the axiom that "when in New York City, anything can happen," the Littles accept young Stuart into their family unquestioningly--with the exception of Snowbell the cat who is unable to overcome his instinctive dislike for the little mouse. They build him a bed from a matchbox, and supply him with all of the accoutrements a young mouse could need. Mrs. Little even fashions him a suit, because baby clothes would obviously be unsuitable for such a sophisticated

mouse. In return, Stuart helps his tall family with errant Ping-Pong balls that roll outside of their reach. E. B. White takes Stuart on a hero's quest across the American countryside, introducing the mouse--and the reader--to a myriad of delightful characters. Little finds himself embroiled in one adventure after another from the excitement of racing sailboats to the unseen horrors of substitute teaching. This is a story of leaving home for the first time, of growing up, and ultimately of discovering oneself. At times, doesn't everyone feel like the sole mouse in a family--and a world--of extremely tall people? (Ages 9 to 12) --This text refers to the Hardcover edition.

Gr. 4-6. Readers will welcome this Spanish edition of a beloved tale, first published in 1945, about a two-inch-tall mouse with a big heart and a love for adventure. The fluid text resonates with the original wit and whimsy that marked White's clever intermingling of fantasy and real life. Miguez's joyous translation maintains the author's rhyming play on words by using appropriate substitutions--for example, gorrion, dragon, and raton for the English louse, grouse, and souse. A few Peninsular Spanish pronouns and conjugations (vuestras, podeis, sabreis) won't deter Spanish speakers from the Americas from enjoying Stuart Little's wonderful escapades. Great book! Tough, but engaging; clearly written before everything got either dumbed down or geared toward a reading level. Wonderful pictures and story, highly enjoyable for kids and adults.

This is a must-have classic and a delight for both older children and adults. It's smart, it's funny and it's poignant. You and your kids will read it more than once. Stuart, the mouse born into a New York City household is one of literature's most endearing characters. When we bought a sailboat named "Warrior" we quickly changed the name to "Stuart Little." If you read the book you'll see why.

...it tapers off into tedium. I loved reading this with my kids, especially the beginning, but once Stewart left home in the little car the story really dried up and the kids lost interest. Me, too.

My students enjoyed reading this book. However, if you're later wanting to do a comparison/contrast with the book and the movie there are basically no similarities.

Listened to the audiobook with my kids over lunch and then read through for the pictures afterward.

Here and five year old.

as people might know there were three Stuart Little films made. Other than the toy boat race done differently and retrieving Mrs. Little's ring from the drain there is basically no resemblance between the book and the films. The book on its own is a sweet wonderful tale which many I'm sure will take into their hearts and love. The only thing I did not like about the book was the ending which left me hanging with a want for some real closure to Stuart's quest. One of my favorite bits of the book was Stuart meeting the 2 inches tall girl during his quest that caused him to run away from home and makes me wonder what her character would have been like if she had managed to appear in the movies.

Very well written my son loved listening to it

Very disappointing book. This starts great, a series of fun adventure tales. But then suddenly it just ends - both my children and I were like "Ummmm...what???? Where's the end of the story?" This book banks off the masterpiece that is Charlotte's Web.
