Customer Reviews

Im absolutely positively disappointed and just plain pissed about this purchase. This book was VERY highly recommended, purchased it and now it wont let me view it! It will only let me use it with my PHONE! HOW AM I SUPPOSED TO LEARN THE PIANO WITH THE PHONE SCREEN?!

Fantastic! I use this for beginning singers so I can accompany them without having to worry about complicated piano arrangements. Also great for the intermediate pianist studying basic chord shapes.

I have used this book in teaching piano for a long time. Each student spends a few weeks with this book, and then More One, For, Five, and then they are ready to begin using lead sheets. They can learn the chords in familiar tunes where they aren't hunting for notes and rhythms, so we can focus on what else you can do with a chord, how to transpose, and how to play the chords smoothly.
