# Borneo (Footprint - Travel Guides)

## Synopsis

The vast, jungle-covered island of Borneo, the third largest in the world, has always held a fascination for Western travellers. This was where head-hunters ran wild and which, according to romantic myth, was rich in gold and diamonds. Today's attractions are of a different kind: trekking through pristine national parks; whitewater rafting on tropical rivers; and some of the very best dive sites in the world. This new addition to the acclaimed Footprint stable is up-to-date and packed with information and recommendations of where to stay and eat; from native longhouses to six &#150;star hotels. Places to visit and how to get around, as well as a comprehensive background section to help you understand the island's rich and diverse culture.

## Book Information

Series: Footprint - Travel Guides

Paperback: 352 pages

Publisher: Footprint Handbooks; 1st edition (March 1, 2006)

Language: English

Product Dimensions: 5 x 0.7 x 8.4 inches

Shipping Weight: 13.4 ounces

Average Customer Review: 3.1 out of 5 stars 2 customer reviews

Best Sellers Rank: #6,610,492 in Books (See Top 100 in Books) #65 in [Books > Travel > Asia > Indonesia > Borneo](#) #624 in [Books > Travel > Asia > Indonesia > General](#) #4121 in [Books > Travel > Asia > Southeast](#)

## Customer Reviews

"Great travelling companions, constantly entertaining and they know what they're talking about."

Michael Palin "Quirky and amusing." Daily Telegraph"

When I first found this book, a new one claiming to cover the entire island of Borneo, I thought it would fill an important gap. Sadly, it didn't take long to disappoint! First, it is horribly out of date. Even though it was published in 2006, it actually gives visa information for Indonesia as it was before February 2004, claiming no visa is required when in fact new, harsher visa requirements have been in force for over two years now! Coverage of Indonesian Borneo is merely nominal. Even though Kalimantan covers 2/3 of the island, it gets just a few pages in this book, less than it does in other

guidebooks covering all of Indonesia (Rough Guide Indonesia is best for Kalimantan). Out of the (only) four Kalimantan provinces, one (Central Kalimantan) doesn't even get a separate chapter, being dumped together with South. So in effect, this is a book to Malaysian Borneo and Brunei, though even there, it doesn't go beyond the main tourist spots, covered in all Malaysia guides. Don't waste your money on it!

Having used Footprint Borneo during a recent visit to Sabah, we used Travel Guide extensively. And while it is not altogether current, it is the best treatment on subject currently available (Nov 2006). Just as I would recommend the book, I highly would suggest visiting area!
