When it comes to survival, Rich Johnson's done a lot of it. He's worked as a demolition sergeant in the US Army Special Forces, a Coast Guard Auxiliary instructor, an EMT, a volunteer firefighter, and a policeman. In his off hours, he's excelled as an advanced SCUBA diver, paratrooper, sailor, and skier. He once spent a year living in a cave and eating bugs "for fun! He's written extensively for *Outdoor Life* and a number of other outdoor adventure and automotive magazines. For over 110 years, *Outdoor Life* has provided outdoor and urban survival expertise to millions of readers. Their authors have written on everything from disaster preparedness to subsistence hunting and fishing, to which guns to use against the undead (really!). Readers count on them for survival information from the everyday (how do I best bandage a bad cut) to the extreme (what if my town is devastated by a tornado?).

Tip 041: Live through a Grizzly Encounter If a grizzly's mauling you, cuss yourself for getting in that fix. But do it quietly, because you're supposed to be playing dead, and corpses don't talk. The griz probably doesn't want to eat you, but you've interrupted her routine (it's most likely a female protecting cubs). And now you're going to have to pay. **TAKE YOUR MAULING** The best thing you can do to avoid injury or death is to shield yourself by going face-down on the ground with your backpack (let's hope you're wearing one) protecting your back. Cover your head and neck with your hands and play dead; it's your best chance of not becoming dead for real. **KEEP QUIET** Expect to be batted around, perhaps bitten a few times, and maybe clawed. Stay quiet if you can, which is a tall order when a bear has one of your body parts in her mouth. **WAIT IT OUT** When the bear decides you are no longer a threat or an annoyance, she'll probably huff and wander away. Stay still until she's long gone.

I got this as a gag gift for a friend who is moving to extreme northern climes. It's a very interesting book! I hope I never run into any of these situations! My friend and everyone at her going away party loved it!

great item!

A lot of good stuff, but too much about a lot of things I don't care to know about. Does not go into a lot of detail about things I would like to know more about

Great quality. Each section is in a text box and is perfect to read a piece at a time. This is a great book to pick up and look at a section and talk about it with our boy scouts.

This is a great book if you wish to teach from it. Lessons are short and concise.

Got as a gift for my hubby. He loved it and shipping was quick.

I gave this to my son for Christmas and he loved it!

Very nice book. Arrived when and as promised.
