Great Britain And The Confederate Navy, 1861-1865

Synopsis

"A masterful account of Confederate naval strategy and personnel... [and] the response of Britain to the efforts of the Confederacy to acquire a navy in Britain and thus traverse Britain's neutral obligations." — American Historical Review

This book, originally issued in 1970, describes the frustrated, faltering, and sometimes heroic attempts of the Confederacy to circumvent British neutrality and build a navy in Great Britain during the American Civil War. The story possesses many of the elements of good fiction: there are the sharply rendered principal actors; the suspense and narrative excitement of the adventures of the Southern raiders; and the cunning appraisals of diplomatic intrigues, maneuverings, and oversights. This is a readable and illuminating account of the diplomatic maneuverings behind the Confederacy's failed attempt to enlist British aid for the secessionist cause.

Book Information

Paperback: 372 pages

Publisher: Indiana University Press (January 7, 2005)

Language: English

ISBN-10: 0253217350

ISBN-13: 978-0253217356

Product Dimensions: 6 x 0.9 x 9 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 1 customer review

Customer Reviews

"A masterful account...." — American Historical Review

A solid study of rebel efforts to involve the United Kingdom directly in their rebellion. The British shipbuilding giants, wishing to make money from our difficulties, warships, blockade runners, and other services were provided by British interests until it became clear that the Confederacy was truly lost. A good book with a lot of information about an important period in our history.
