It's nice to have a great collection of hearty Irish dishes in one book. There's a good variety, categorized by course, and the ingredients are readily available. It's also helpful that measurements are not metric. Yay! I have a few nitpicks: For at least one dish, the picture shows ingredients that aren't listed in the recipe. It's easy enough to add carrots, but why not list them? I can't recall one recipe that includes garlic. Again, easy enough to add, but a cheese fondue without garlic? At the end of the book, there are some pretty annoying pleas both to buy others of the author's books and to leave favorable reviews. Please. The worst transgression is that most, if not all, of the photographs are from Creative Commons (thus explaining the carrotless recipe, and the picture of the matchstick parsnips when the recipe calls for quartered). This means the dishes were not photographed for this book.

There's nothing like a good hearty meal on a cold winter's day and here are all the recipes for winter's comfort food. Maybe not everyone is a meat and potato person, but with some farmer's bread, there's nothing more filling. LeGrand does a great job in laying out the recipes with a dash of Irish wit. I would recommend this to all my Irish friends.

Way back my ancestry is Irish, and apart from my fair colouring I never thought twice about it, until I saw these recipes. They speak to me! I'm not a big eater but I want to devour these. I eat Salmon every week but can never cook it right, now I know why, I should be cooking it Whiskey Roasted, like my ancestors! And I'm always doing corned beef in the slow cooker, which can be a bit boring, now I'll do it Irish. First thing I'm going to do though is that Steak and Guinness Pie and I am serious. Love the photos too! This is one great recipe book!

The best Shepherd's Pie recipe, ever! Excellent breads. I'll be trying many recipes here. There are a

few recipes that use beer, as I do. The dark beers are such good addition to many recipes, especially if you don't drink wine, which I don't. I have a 2 or 3 hundred cookbooks, at least, as a pro cook should, some on my Kindle and more physical books and feel this one's a unique, and good, addition to my cookbook library.

Jean Legrand has a great collection of traditional Irish recipes in Irish Dinner. The photos were great, the instructions were clear, this is a great book. Perfect for St Patricks Day :). I'd recommend this both to my Irish friends, and my non Irish friends ... there are sure to be recipes that catch everyone's eye (there is even a recipe for Beer Fondue). I was happy to see even traditional recipes for vegetarians like myself, and a section on breads. Yummy!

I truly enjoy savory and comforting meals even if it's not St Patricks Day. The recipes have a delightful, cooked-with-love feel. Reading them really makes me feel I am visiting a warm comfy house on a damp day. There is a good selection of recipes here and they look like they are pretty easy to follow. The recipe for parsnip crisps looks especially tasty and I look forward to trying it and the other recipes.

A good collection of Irish recipes that look good and easy to make. I enjoyed having photos with the recipes and the quotes through the book.

This is an absolutely excellent resource for making a wonderful Irish dinner. Easy to follow instructions are provided for each recipe and I am looking forward to making each of them throughout the year. I would highly recommend this book to anyone looking for authentic and delicious Irish dishes to share with family and friends.
