Father John Laux, M.A., was a high school religion teacher who wrote his own Catholic curricular books after spending a large number of years teaching and researching. His works were first published in 1928 and include Catholic Apologetics, Mass and the Sacraments, Introduction to the

Bible, Catholic Morality and Church History. He capsulated the Catholic faith extremely well, thanks to his lively prose and succinct way of accurately explaining the details of theology. Though Father Laux originally wrote his books for high school students, they remain very informative for those in college and even adulthood as well. He wrote in a timeless, direct and to-the-point style that continues to present Catholics with in-depth explanations of their faith today.

So thankful to own. Every catholic should read this!

We are learning so much with this book. It ties together what we've learned in earlier grades. My daughter and I love reading and discussing it together.

I would have given this book 5 stars if it weren't for the fact that this book was originally written in the 1920s. With that said the book has great information without over analyzing the back grounds of the beliefs, but it does give adequate facts. It is easy to read and very much to the point. The only issue with it being written so long ago is that certain things have changed in the Church sense it was written.

I want to note that it was written in 1928 with a rather difficult style that is a challenge to read for the average reader, I think. It is perhaps a teacher's guide to teaching, not a student's book.

This is the first book in one of the best series to learn and/or teach the Faith to others. Easy to understand and to follow, concise but clearly explained, a great resource for personal use, for RCIA or Theology teachers at High School or College level. A must for Catholics or anyone wanting to understand the teachings of the Church.

This beautiful little book stands as the first of Father John's excellent series on the Catholic Faith. It treats of Scripture, Tradition, the Blessed Trinity, Creation, the Angels, Original Sin, Christ our Redeemer, Our Lady, and all of the key truths of Catholicism. The wonderful folks at TAN books of Rockford, Illinois make this book, its three sequels, and Father John's "Introduction to the Bible" and "Church History" available in lovely new paperback format. The books can be purchased individually, or in sets of four, five, or six. They are well worth the price. Start with this outstanding introduction. But do avail yourself of the entire series. God bless.
