Bath Bombs: A Beginner's Guide To Making Amazing Bath Bombs And Bathtub Treats!

Synopsis

Bath bombs are ingenious little things that you simply toss in your bath to create a foamy and bubbly bath and elevate your bathing experience into something therapeutic. Bath bombs help you in relaxing your tired muscles at the end of a long day and make your skin soft and refreshed. All you need to do is simply toss in a bath bomb into the tub and let the nourishing ingredients wash over your body. But store bought bath bombs can burn a hole in your pocket. So the best solution is to make your own bath bombs. If you want to try your hand at making your own bath bombs at home, but don't know where to start then this is the right book for you. This book will help you make bath bombs within a limited budget. The ingredients you will need are easily available; in fact, most of the ingredients that you need are probably in your kitchen already. Within a matter of 15 minutes, you will be able to whip up a batch of refreshing bath bombs by following the recipes given in this book. In this book you will learn: What are bath bombs The history of bath bombs and how they were first made Different uses of different types of bath bombs The effects of bath bombs on your mind and body Why you should opt for homemade bath bombs as opposed to store-bought stuff How to make essential oils at home Everything you need to know about curing simple ailments with essential oils Easy to follow recipes to make basic bath bombs Bath bombs as a unique gift option How to pack bath bombs and increase their shelf life Common mistakes to avoid when using bath bombs Precautions when making your bath bombs

Customer Reviews

With this book, we learn bath bombs in detail, encompassing its meaning, history, recipes, precautions and others. This is the best guide to making amazing bath bombs and bathtub treats. With this, we will have a comprehensive bath bomb guide and will supply us with all that we need to know about preparing these bombs by ourselves. This book is a great help for us beginners in doing these treats for relieving our stress off.

The bath bomb is a real bomb of Awesomeness. Thanks to this book, I can plan my special bath for each day of the month, of the year! For any reason, for anytime, alone, with my bf, bath on all the cases. I'm in love with this book and would like to try all the recipes now! IÃ¢Âd like the most, that each recipe is well explained. Definitely, a great book for every girl!

been seeing these bath bombs over the internet but it is kinda pricey to think that you will just be using it one time. So I thought of making my own. I was actually surprised when I saw this guide to making your own bath bombs! Really happy it was on \$0.99 promotion when I purchased this. The instructions were clear, the ingredients needed aren't that difficult to find, but this book also provided alternatives if you can't find one. I am excited to make one!

This is a blast! I could finally find a way how to ease the pain of throwing out leftovers or old stocks (especially oatmeal) and put them into the inner essence of their existence. Whoever knows that there's a witch named Hazel and whoever guessed that I couldn't find relief on my pocket due to my wife's shopaholic attitude? Lol.. This piece is surely a treasure, dig in, you just couldn't even imagine what fortune awaits for you there as well.

Before reading this book, I thought that bath bombs were just for beauty and relaxation purposes. Little did I know that there are multiple benefits we can get from using bath bombs. The tips on making the perfect ones are also useful. This will save me a lot of money and I can enjoy a variety of combinations, scents, and effects. I can even make several of these as gifts for any occasion. Fantastic!

Bath Bombs is for life! Bath Bombs are very useful especially it gives relaxation to our bodies and it is also good for our pets at home. Ingredients is a big challenge for me since most of it are hard to find in stores near me. I also like adding glitters and flowers since these smell good when it mixed.

I have purchased a bath bomb at a local "Lush" store and really loved it. So I thought I should try to make my own. Not only does this book do a great job at teaching you how to make them, but it also teaches you on the benefits of using bath bombs. Loved it!

The author gives great detail about what to do and what not to do when making your own bath bombs. Making your own can be much cheaper than buying them at the store and even a fun hobby!
