Customer Reviews

Matt Christopher is the best selling name behind more than 100 sports-themed books for young readers.

Like many who have lived in the Indianapolis area many love Peyton Manning. My grandson is a particular sports fan and at 11 he is also a boy who reads all the time. I got it for his birthday but

read it myself first and totally enjoyed it. I think it helps to know the players better and while Peyton is not a saint, he is a good man and has done much for the sport and Indianapolis as well building a children's hospital in Carmel, IN outside of Indianapolis. My grandson loved it and could not wait to discuss it on my next visit. Boy's will have idols if we like it or not and Peyton, and his family, are certainly good role models. My only complaint was the first page of the book is about Peytons parent finding HIS parent who committed suicide. I know it happened and it's true and it certainly got my attention but not sure how a 11 year old boy felt about it. We have not, as yet, talked about it but we will.

After Reading on the field with...With Peyton and Eli Manning by Matt Christopher an English project, I absolutely loved it. I liked how it wasn't focused on one person but on a whole family who has had the same success as becoming great NFL quarterbacks. This helped the book not get boring. I would recommend this book to any friend, even if they don't have anything to do with sports. Even though this book is about Peyton and Eli Manning and football, it taught many life lessons about being a leader that anyone could relate to and use in real life circumstances.

What your child to read more? Let them read what they're interested in. Buy them a book or two, once they are done, ask what else they like, buy those. . Then ask if they want their own book shelf for their new books, after the affirmative answer, buy a bookshelf. Goodwill, yard sales, ikea, walmart, Ashley Furniture, antique stores, or Craigs list will all have them for all price ranges. Then you will watch your child want to read more and more and make collections and fill their shelves as you have done. :)

My son (age 10) liked it and likes all of Matt Christopher's books but wished it had been more up-to-date.

This book was for my son! He loves Matt Christopher and the books qualify for his AR points! (He enjoyed the book even though we're a Bears household!)

It's great, I look forward to getting the rest of the Peyton Manning biography books!

This was a gift to my grandson who loves football stories about real players.

My son loved this book. He's losing interest in reading and his teacher suggested autobiographies. This has helped! It's perfect for kiddos interested in sports.
