## Customer Reviews

Most of the women facing heavy weight problem particularly after pregnancy. I read this book for my research purpose and i strongly believe that if your daily exercises, diet food and yoga's doesn't work for your fitness just try this book. Sometime without knowing the cause of the problem we starts with remedies and it doesn't work. Hormones imbalance can be the main factor for your over weight, your depression, weakness. We should cure the root element of our problem then we will get the result. Go through this book and i am sure you will have much more then your expectation.

I am a bodybuilder and I bought this book to learn about how to get my hormones in a good place. Lifting weights has a huge impact on not just the muscles but also the hormone levels in the body and If you are not careful you can end up with adrenal fatigue (when your adrenal glands are worn out) I am very excited to see how using this diet works for me. It looks like it is based on good principles and should help with muscle gain, I will keep you posted

This book is one of the best in managing Hormone Diets as it plainly demonstrates the best approach to adjust your hormones by taking after the eating regimen specified in the book. Simple to take after thoughts and formulas. I am will definitely recommend this book.

When you think that all diets already exist, Valerie Childs came with a great and innovative alternative, explaining the hormones present in our body and how they interact with the food we

ingest. The recipes are great and very well-documented with the exact amounts. I recommend this as a diet alternative to lose weight and balance your ingest of food.

This book explains how each hormone works and what food to avoid to re balance them. Anyone can achieve successful weight loss with step by step guidelines. Easy to understand and follow. The important tips, advice and techniques even the easy recipes are all in this book. I found this very useful and guiding material. Go for it!!

This book explains how each hormone works and what food to avoid to re balance them. The recipes included are really mouthwatering it's hard to believe that that it can help you lose some weight. I love the recipes! The instructions were very clear and easy to follow.

This book on Hormone Diet is an excellent reference. If a regular diet doesn't work for you, this is a great alternative. I didn't know much about this diet until I read this book and I am truly glad I did. I will certainly practice some of the recommended methods. Excellent read!

This book is totally recommendable for those who keep looking to loose weight and still can't find a way out! Making the hormone reset you'll loose fat almost effortlessly! The recipes guide you to a process of re balancing the hormones interacting in your body, making them set in a level they don't affect your weight gain. This is natural, delicious and worth giving a try!
