Kate Gosselin has the joy, frustration, and honor of raising eight children---twins and sextuplets---in central Pennsylvania. The daily lives of her family were previously chronicled for five seasons on

TLC's hit show 'Jon and Kate Plus 8.' Kate is a sought-after speaker, author of the NY Times bestselling books, *Multiple Blessings* and *Eight Little Faces*, and is currently in production on a new show for TLC.

Another example of watching a show and getting caught up in the reality of it. Ordered book because we were interested in the life of this family. Looking back, not my best expenditure.

Because I loved following these children I give this a 3 star. Other than that - I don't care about Kate and her all about me attitude. The children are precious.

First of all, I am not the type of person to write a review about something. I just don't have the time to. But I am writing about this book because it is an absolute WASTE OF MONEY!!! This book is just filled with pictures of the children, Jon, and her and quotes from the Bible. It doesn't have any type of story line at all. The selling of this book is a crime due to the fact that you get nothing from it. So whatever you do....DON'T BUY IT!!! Listen to this review and all the other ones....horrible book!

Jon, when asked if the situation were different (him out signing books, traveling, etc.), he said, "well, I can't write so that won't happen." Let me tell you folks loud and clear, KATE CAN'T WRITE EITHER! A pitiful attempt with *Eight Little Faces*. How easy for her -- write one sentence that makes her the star, and then quote a Bible verse. Have a total of about 13 pages and get paid, what, oh, maybe a trillion dollars so she can pamper herself in the spa, tanning booth, and hair stylist?? I have a sneaky feeling that Jon doesn't pick out her clothes for her anymore. The book is over-priced, under-talented, under-whelming. Zondervan should be ashamed of having this book published under them. A no-talent farce that shouldn't be on the NY Best Seller List for any reason, and shouldn't be raking in cash for Kate's new short denim skirts and tight, pink T-shirts. I'm not buying any more of her books and no one else should go along with the exposes of her little innocent children for profit. Did she mention Jon at all in the book? Seems like "no."

This book is similar to a children's book. There is pictures of the children with 2-3 sentences on each page and that is it.

Love the tv show, not like the first book she wrote. This book is mainly journals/letters and photos. Not worth the price.

I watched the show and thought I'd like this book..WRONG! If I had known it was just pictures and a few words I wouldn't have bought it! Don't waste your money unless you want a photo album of someone else's kids!!!!!!!!!! However, my 5 year-old likes to look at the pictures!

I Pre-ordered this book and waited months for it to arrive. I am a huge Jon & Kate Plus 8 fan, I watch the show every week, re-runs, will buy magazines they are in etc... I bought the first book and LOVED IT! So, I couldn't wait for this one. After months of waiting, it arrived - I WAS BEYOND DISAPPOINTED! I knew it wouldn't be as in depth as the other book, but this was a joke - most pics we've seen already & hardly any writing! It took me 10 minutes to read it - very very big waste of money. Not happy!
