I love Andrew Wommack's teachings. I learn more from his website teachings and books than I have ever learned in my whole life time of going to church. His teachings are amazing. He has opened up a new way to look at things that I never thought about or heard. I regret that I didn't know about his teachings 20 years ago. It would have made a big difference in my life. I am just now realizing how to have a true relationship with the Lord and learning the right way to pray. I am so blessed, thanks to God.

Very good. We know through scripture God says to praise him but we don't realize all the reasons why and how it can affect our lives if we do and if we don't. I can tell you since I started praising God more I have more peace, joy and it's increased my faith. A great gift for family and friends!

This is a great book that helps put things into perspective and really opens up your mind to why you need to praise God! If you have enjoyed any of Andrew's teaching you will get a lot out of this book. I was going through some problems recently and when I read in this book how we need to not dwell on our issues but praise the Lord, truthfully I didn't want to! But I did it anyway and what a difference it made! He really ties everything to Scripture and than makes it easy to trust the teaching.

I was brought up in many denominations and carried different baggage from each one, but I have gotten fresh revelation knowledge from reading all of Andrew Wommack Books and am now seeking my Pastor to see where I can be a blessing to my church. Thank You for your honesty of life trials and learning process. I am praising God 24/7 now and am enjoying more of His blessings and opportunity to share with others. Praise God!

Andrew writes with the same appeal as he speaks. Down to earth words backed up by the Word of God. He takes you step by step through the beauty and benefit of praising God. Not only do you learn why you would want to praise God but you want to praise God because of what you learn about him.

Most people feel that "doing" is necessary to please God. This book does a good job of reinforcing that God does not require "doing" to be pleased. This is especially important to me because an

illness has left me totally paralyzed at periods in my life. It's obvious that there is no "doing" during these times and is helpful to know that I can still please God.

The Effects of Praise was inspiring. It was a beautiful reminder to be thankful for all things, no matter how small. The book helped me to be more aware of my ongoing relationship with God, because it is just that growing. And as much time as I put in it, is how well I will know God. I know that but it was a very good reminder, to be more mindful of what is on my mind.
