Customer Reviews

Claims to be a 2017 guide to "The most positively reviewed and recommended restaurants in the city." By whom? "locals and travelers." When reviewed, -who knows. Reviews came from where? -"the internet" That's not very informative. Turns out this is a rather meaningless list of 400 restaurants, bars and cafes. There is no reference or description of how the list was composed or when the data was collected. In fact there is almost no descriptive narrative at all aside from an intro page of 92 words that thanks "Business Owners and Managers", as well as "everyone that posts their reviews online" and "the amazing review sites," and a thank you (I presume) to those who bought the book, "for your time."
