Customer Reviews

This book is unique in that it tells the murder mystery from a different perspective. The plot keeps the reader engaged and moves at a good pace. The characters are well developed and intriguing.

Constant suspense. You can't stop reading . Wonderful characters especially the heroine . Takes you on a journey to a dark but compelling place. Makes the unbelievable believable. Curl up with this one in a dark room - if you dare.

He chases down his relatives, he runs from the law, his murders are brutal. ThatThat's it. Got repetitive, lost interest

Wow. Another fantastic read. Each page left me wanting more. Is there really a Don Tyler out there - the thought makes me shudder

I couldn't put it down. A thoroughly intense story. This is not your typical story. It grabs and totally holds your interest. It's language was rough but necessary.

Better check under the bed before you try to go to sleep tonight. Couldn't put this down 'til I finished.

Great plot. Sometimes a little too wordy with going back to the same scene

Wow what a thriller! This book kept my attention from the moment. I started reading. I love a good book and this one didn't disappoint. I hope there is a follow-up to this one I will certainly look forward to other books by Lesley Welsh .I am a new fan.
