# Fashion Sketchbook: Studio Access Card

## Synopsis

Fashion Sketchbook, 6th Edition, demystifies the fashion drawing process with simple, step-by-step directions. Now in full color and completely revised, with updated instructions and images throughout, this introductory text explains how to draw women, men, and children, pose the figure, develop the fashion head and face, sketch accessories, add garment details, and prepare flats and specs. Abling's detailed, easy-to-follow lessons are accompanied by Women's Wear Daily photographs from the showroom and the runway that accelerate comprehension and lead to the diversification of drawing skills. PLEASE NOTE: Purchasing or renting this ISBN does not include access to the STUDIO resources that accompany this text. To receive free access to the STUDIO content with new copies of this book, please refer to the book + STUDIO access card bundle ISBN 9781501395352. STUDIO Instant Access can also be purchased or rented separately on BloomsburyFashionCentral.com.

## Book Information

Spiral-bound: 496 pages

Publisher: Fairchild Books; 6 edition (April 19, 2012)

Language: English

ISBN-10: 1609012283

ISBN-13: 978-1609012281

Product Dimensions: 10.7 x 1.8 x 12.4 inches

Shipping Weight: 4.9 pounds (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars 31 customer reviews

Fashion Sketchbook, 6th Edition demystifies the fashion drawing process with simple, step-by-step directions. Now in full color and completely revised, with updated instructions and images throughout, this introductory text explains how to draw women, men and children, pose the figure, develop the fashion head and face, sketch accessories, add garment details, and prepare flats and specs. Abling's detailed, easy-to-follow lessons are accompanied by Women's Wear Daily photographs from the showroom and the runway that accelerate comprehension and lead to the

diversification of drawing skills.

Bina Abling has taught courses on design concepts, fashion illustration, model drawing, and fashion portfolio in the fashion design departments at the Fashion Institute of Technology and Parsons School of Design. She is the author of numerous books on fashion illustration, model drawing, and rendering.

I was so excited to get this book in the mail! The best part of this book is the spiral bound feature! I own another book by the same author/artist so I was comfortable ordering this book because I knew what to expect. I was not disappointed! I use this book as a teaching tool and it's easy for students to understand, even the ones who have never had a drawing class. It's a book worth getting. A bit on the pricey side but what fashion design book isn't especially these college books. It's a great reference and a must if you have a fashion and sewing book collection.

Although a little pricey (when busy buying all the other needed materials for the illustration classes) this book is a definite MUST HAVE! It will show you how to draw your croquis and the movements as well as side and back views. Although your professor may not reference this book, it is a wonder piece of Heaven to own! :)

Very thorough text, with a small yet useful reference of different types of garments, and how to render them convincingly on a variety of bodies, including infants! Also has spotlights on other illustration styles. A must for the designer's library.

I have purchased several other books trying to get what this book has. This book has everything. Step by step directions, background and insight. I am using it like a training manual and going through the exercises. GREAT book! If you want to learn how to do fashion illustrations starting with the body and poses and then the clothing - then this book is for you

Recommend this for every one who wants to learn more about sketching for the fashion world. Must have for serious students.

I got this for my granddaughter who spends all her spare time drawing dresses. She is eleven. It is a fantastic book for someone a little older. It teaches everything you could possibly want to know

about drawing fashion. Probably a great text book of reference for a design student. I returned the book but only because it is beyond my granddaughter's interest at this time.

This is a wonderful book. I am in a fashion design program right now, and this book really breaks down drawing croquis and everything else you would ever need to draw. I wish before I started the program I had this book to properly practice!

This book takes you step by step on how to properly render fashion sketches. It goes through the development of making your own croquis to different techniques with different mediums.
