The Return Of The Prophet

Synopsis

Kahlil Gibran released his universally acclaimed masterpiece, *The Prophet*, in 1923. Since then this incredible book has been renowned for its profound answers to life's deepest questions. Now, several generations later, Kahlil's great-cousin Hajjar Gibran has written the long-awaited answer to his ancestor's promise. *The Return of the Prophet*, based on Hajjar's real-life experiences, is a moving collection of inspiring words spoken to Hajjar by Kahlil in a series of visions. Hajjar's life experiences and Kahlil's wise advice and prophetic statements that are applicable to everyone are woven masterfully and told beautifully. *The Return of the Prophet* is in the same style as *The Prophet*, yet contains a modern understanding of spirituality and faith that can be applied to all religions. Like *The Prophet* with its universal themes and timeless advice, *The Return of the Prophet* is another true insight into life's deepest meanings.

"Hajjar Gibran's captivating and mystical saga of the human spirit reminds us of the undercurrent of magic running just beneath the seemingly ordinary details of our every day life, revealing the sacredness and purposefulness of our existence."-- Michael Bernard Beckwith, author of *"Spiritual Liberation: Consciously Fulfilling Your Soul's Potential"*

After his brother's tragic death, Hajjar Gibran lived through a tormenting passage that culminated in a series of visionary episodes and visitations from his ancestral spirit, Khalil Gibran. Hajjar's spiritual calling inspired him on an unconventional lifelong odyssey that included building a spiritual retreat

center with many years of consciousness research and a private practice specializing in therapies that help aid in spiritual growth and development. He later synthesized his work with the ancient practice of Hawaiian shamanism. In keeping with his ancestral lineage, Hajjar's teachings offer insights on timeless issues that bridge the wisdom of ancient mysticism with the practical issues of contemporary society. The Prophet was one of the first spiritual books on my journey to self realization. This new book felt like I was reading my own life story but with clear vision instead of a blur. If you liked the Prophet, you will also like this book which is of the same greatness and depth of awareness. Truly honest and authentic writing.

This is the most wonderful book! The original "the Prophet" was a huge influence on my life and "The Return of the Prophet" is equally touching deep places in my soul. Many, many times I am moved to tears of inner recognition. I am now on my second reading and the lessons are sinking in deeper. There is SO much in this book and I believe that Hajjar Gibran's ability to allow himself to be vulnerable and honest, his ability to look deep inside where many people are afraid to look is what allows such beautiful wisdom to come through. The beautifully expressed words about his journey and the extraordinary replies of the prophet are a perfect compliment to one another. This is a treasure for this time - a book to be read and re-read, meditated upon and internalized.

Very disappointing.

Great book. In the tradition of Hajjar's great, great uncle, Kahlil Gibran. author of "The Prophet," "The Return of the Prophet" is filled with both timeless wisdom and an a profound and intimacy story of Hajjar's personal journey. It's the kind of book that, like "The Prophet," I will return to over and over to deepen into its wisdom and be inspired by its poetic vision. I love it!

An Amazing Return to the Prophet ! Thank you Hajjar for your amazing story and re-birthing of the Prophet in our Lives.Something that we all truly need in these times and Beyond. Blessings of Hugs of Light & Love !

Love it!!! and so profound!

As a big fan of Kahlil Gibran for years, I looked forward to seeing how close his descendant could come to his lyrical heart-moving prose. And I was not disappointed. Woven into the fabric of his biography are the words of the Kahlil's Prophet, giving advice in the way only he can. I highly recommend this book to other Gibran fans, as well as those looking for spiritual enlightenment and upliftment.

You know how echos only approximate the original? Touching and twice removed at the same time.
A cedar of less stature
