All of the "Novels of Cornwall" series by Winston Graham are little jewels, they tell stories that run together over eventful years and create a settlement of characters that become real to even a casual reader. His prose is expert enough that there is never the feeling of wasted hours, instead he facilitates an escape into the harsh beauty of Cornwall and an appreciation of the culture of a past era.

I am a BIG fan of the PBS Poldark series and decided to read the books. I have bought e books up to #9 out of the 12. Yesterday I found them on for \$2.99. I have enjoyed the books very much with more details etc of the story. Get a little frustrated with the English jargon in the book but I just find myself reading slower and concentrating more. For any Poldark fans, I could highly recommend the books.

A curse on George Warleggan! One can only hope he will get his one of these days! I am enjoying the introduction of the Carne brothers and we shall see what befalls Caroline and Dwight. The characters are brought to life so wonderfully by Graham...it is easy to imagine what they look like, visualize the scenes, and become emotionally involved in all of their lives. Looking forward to the next book, but will be sorry when I close the cover on the last book. I going to stretch out the rest of the books so I won't reach the end too soon.

Well written! I appreciate the continuation of the story of the Poldarks. I came to know this series with the recent BBC production, and wanted more and could not wait for the next installment. The narrative picked up smoothly and the voice of the author is really captured well by the series..I jumped right in and could visualize all of the characters. I've already ordered the next book.

This is a must read for POLDARK fans. There is much character development . I had been wondering when we were going to read more about Geoffrey Charles. Scenes where he and his governess get to know Drake are fun and touching. We get to know George and his relationship with Elizabeth much better. The last scene with George and Agatha haunts me even now. If we ever had any doubt that George was a cruel person, there will be no doubt after reading THE BLACK MOON. Ross continues to be adventurous, chance taking and fascinating in his quest to help Caroline and Dwight. Demelza continues to be loving, understanding, and giving.

Love Winston Graham - what a beautiful, descriptive writer and I feel as if I have traveled back in time to Cornwall! I've lived in England and so reading his stories are nostalgic. The language is lovely and he has the period expressions and dialogue down! What a joy to read.

Another in the Poldark series that is quite good.....romance, history, war, challenges....all done in a beautiful writing style that other authors of today should take guidance from. I love this whole series and can't wait to gobble each one up.

I got hooked on this series but disappointed in Valentine's character. He didn't ask to be their love child but has to bear their sins. You can see that coming. He instinctively knows he's Ross' son and I think he should've been more of a hero, but it kept my interest and I liked it until I realized if a character does something bad, he is punished usually by death. That lesson got a little old.
