"Bubbles burst on the surface, and white foam swirled. The skiff ran down a wave, and Owen slid to the edge, barely managing to stay on. Suddenly a being so huge and hideous that Owen could hardly keep his eyes open appeared before them. But how could he not look? He had to know what was surely about to take both their lives. . . ." Owen and Watcher encounter harrowing danger on their journey to the desolate islands of Mirantha. As they struggle to stay alive, they wonder if they will ever find Mordecai—the one man who can help them continue their search for the King’s Son. And if they find him, will he help? Owen has always believed his only gift is his ability to devour books, but the battle he finds himself in will affect two worlds: his and the Lowlands. Come along for

more adventures of the Wormling.

This series of books has my family sitting on the edge of their seat every night. I read this aloud to my tween kids for bedtime. We started bedtime stories when they were born, and no one wanted to give that up. But.... It gets a little difficult to find a book or a series that kids enjoy at their age. Fairy tales don't interest them anymore, of course. Even my husband sits and listens to me read to the kids every night when I'm reading this series. Highly recommend for anyone who loves Christian kids' adventure. I also recommend the Jonah Stone series, but my husband wasn't as into that series as he is to this one.

As I was reading the first book I knew my grandson would like the books too. I bought him the paperback editions and he immediately connected with the young hero. I am glad I came across these books.

I read this serie with my daughter, and we loved those books. The story is inspiring.

I have read the first two books of this series and have found it to be a fun, easy read to escape with when I have had too much of the world. It is full of types and shadows of Jesus and the Word in it and full of lots of adventure and fun moments that would be great for the young reader it is intended for. But hey, it's great for those who still like to let their child out to imagine and play even though they are older!

Reading through with my son this is thrilling. We both are enjoying it. I love when he points out a passage that is from the Bible.

Another great read from Jenkins. 10 year old loved it, rated it one of his top ten favorites!

I have a 14 y.o. daughter who loves to read. I was a bit worried the series would be too young for her but she loves them!

must get all. it is costly to buy all, but it is worth it. exciting adventure, very nicely written. it is written by christian authors but it doesn't sound like bible stories. I liked that the main character has to get courage or get encouragements from his friends to battle the enemy to get things accomplished.
