Customer Reviews

Warhammer 40k Painting Guide.

Product arrived quickly and in good condition. The book was sold as used, so I expected some wear, but all in all the quality was good. No creases of pages or binding, just a little rounding of edges from being put in the shelf it looks like. This item is a gift for a new Warhammer 40K player and I believe it will help them to get good looking models. Each section is devoted to a different group and covers their color schemes, badges and banners. Warhammer 40K has been around for awhile and I think there may be newer groups that have been added since this book came out, but this should cover the core groups found in the game.

clutch hobby aid. a lot of good, timeless techniques
