The O'Reilly Factor For Kids: A Survival Guide

Synopsis

The bestselling author of *The O'Reilly Factor*, *The No Spin Zone*, and *Who's Looking Out for You?* talks straight to kids this time. He is as demanding, direct, and wry as ever—but he's also more revealing too, sharing candid snapshots of his own childhood throughout. Bill O'Reilly, a former schoolteacher, now an award-winning broadcast news journalist, husband, and father of two, joins forces with an experienced educator to bring you, America's youth, a code of ethics by which to live. In this latest book, Bill takes to task bullies, cheaters, advertisers who target you irresponsibly, and parents who fight for their children to win undeserved honors instead of earning them on their own merit. He lays bare the unvarnished truths about sex, money, smoking, drugs, alcohol, and friends. What he has to say about these issues may very well surprise you. He offers coping devices for those enduring a divorce, struggling with teacher, parent, or sibling relationships, and planning their futures. He also shares wisdom on such subjects as death, politics, and God. Whether you take the tests he's provided, take the advice he doles out, or just take a cue from the personal stories he shares, you're bound to make smarter choices in your life, and that's all Bill asks for.

Good book for kids with some common sense advice.

The O'Reilly Factor for Kids: A Survival Guide for America's Families If I were King, this would be required reading to graduate from High School. Don't think for a nanosecond that it is political, it isn't, I promise that if your child reads this book they won't necessarily vote Republican (as I'm sure my Sister thinks). I'm sending all my children (they are all adults now) a copy with the following message: Dear _____, Please read this yourself and then give it to _____ when you think he/she is ready for it. I suggest ages 10-15. Love, Gunner (Actually I use my real name.) I highly recommend this book for all THINKING PARENTS who want their children to grow up to be WISE. Also, I recommend their parents to read it before the child, Why would any responsible parent let their child read something and they not know what's in it? Gunner November, 2010

Our son listens to O'Riley every night with us .. He said he wanted this book ... So we bought it ... He loved it!

I loved this book. I bought it for my oldest grandson and each of my grandchildren will receive their copy this years.

I am hopeful this Christmas book for a 14 year old will be one he takes interest in and heeds Bill's wisdom.

Purchased to read before giving it to my teenage grandson. Was not disappointed AND in total agreement with O'Reilly's advise. This comes from a retired teacher of 30+ years having raised two children with degrees (girl-teacher/administrator, boy-attorney)

A good overall book about life stating O'Reilly's no nonsense approach about relationships, work, being responsible for yourself, etc. I have given as a gift to high school graduates and plan to do so again as the opportunities arise.

Zakki loved this book and gave it to all his friends too !
