## Customer Reviews

This is my new favorite book! I absolutely love the artwork in this book. It is whimsical and so, so lovely...I love it so much that I am ordering a second copy since I am half way through the book now. The paper quality is ok, pretty typical for coloring books and I do wish the images didn't extend to the spine. But the incredible illustrations more than make up for it in my opinion. I am loving this book!!!!

These are the cutest pictures and I am enjoying coloring them. I will buy more of her books.

The book is okay.

I got the Tiny Trailers coloring book and loved the illustrations, I was expecting the same in this book. Very disappointed in the way this book was illustrated.

LOVE! SUPER CUTE! Just as pictured. If I'd protect the author in the prison showers if needed. That's how much I love this book.

Yes, I'm an adult, but I love to color! I enjoy the books like this one that have actual pictures in them, not just random patterns.

Love the pictures to color in this book. Very original!
