Painless Grammar (Painless Series)

Synopsis

Combines instruction in sentence structure with examination of amusing expressions, and gives tips on email communication, editing a school paper, and more. Titles in Barron's extensive Painless Series cover a wide range of subjects, as they are taught at middle school and high school levels. Perfect for supporting Common Core Standards, these books are written for students who find the subjects somewhat confusing, or just need a little extra help. Most of these books take a lighthearted, humorous approach to their subjects, and offer fun exercises including puzzles, games, and challenging "Brain Tickler" problems to solve. Bonus Online Component: includes additional games to challenge students, including Beat the Clock, a line match game, and a word scramble.

Painless Grammar (Painless Series) ...I purchased Painless Earth Science, History, Study Techniques, Grammar, Life Science, American Government, Spelling, Pre-Algebra, & Geometry for my daughter to help prepare her for high school. She hated me for weeks, but this series has tremendously helped her with her transition from middle school to an advanced magnet academy for high school. These books are one of the best educational tools I have ever purchased. By week 2 she was excited to show me what she had learned each day. We will fortunately be using these for my son when he is old enough to use them.

Just like the title say, grammar is painless. I actually want to keep reading the information. It is presented in a clear, no frills manner. With so much going on in my life, this is what I need. thank you for transforming a boring and tedious subject into something fun and interesting!

I was hoping to use it to parse lessons. This is more of a reference than a tutorial.

Very helpful and simple to follow

A very practical book for grammar review or as an aside to a grammar textbook.

LOVE the practice exercises!

Being a not-native speaker it was interesting to see how the North Americans see their language.

Bought this for my 9th grader. She likes it.
