Fijian: Lonely Planet Phrasebook

Synopsis

Lonely Planet: The world's leading travel guide publisher While most Fiji locals can speak English, it's not their mother tongue. Learning the Fijian language means you can get away from the tourist areas and out into the real Fiji - where a little bit of local talk goes a long way. 2000-word dictionary Guide to grammar and phrase-building Fail-safe small talk Practicalities - how to book a room or a plane ticket Lonely Planet gets you to the heart of a place. Our job is to make amazing travel experiences happen. We visit the places we write about each and every edition. We never take freebies for positive coverage, so you can always rely on us to tell it like it is. Authors: Written and researched by Lonely Planet, and Paul Geraghty. About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in. TripAdvisor Travelers' Choice Awards 2012 and 2013 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)

Customer Reviews

"Lonely Planet Phrasebooks. Portable, pocket-size, cheap, and available for almost any country you

might want to visit..." (National Geographic Traveler)

My Fijian husband says it sounds like the book was written by a white guy :/ maybe there are just so many dialects that it would be hard for any book to give you the information you need. Although I haven't had that problem with German or Greek books.

Can help with grammar structure and intonation/stress, but is highly inaccurate. There are also far too many dialects in Fiji for this to really be helpful...Everyone you practice with will correct your attempt differently.

This book has an excellent introduction to Fijian grammar and pronunciation, which was very helpful. Also includes words and whole phrases (and a pronunciation guide to those) that you might need to use during your trip. I had the pleasure to meet Mr Geraghty during my trip to Fiji this summer, and he is a very nice British man who is fluent in Fijian and was kind enough to invite our group of anthropology students to a village on Viti Levu with whom he has worked extensively in the years he has lived in Fiji.

I find it helpful that this phrasebook includes good information about the locals and the proper phonetics of each word and letter. Although, with this phrasebook it is easier than learning it yourself, Lonely Planet shows once again that language learning can be just as fun as it is difficult which makes it all pay off!

it is written how it is spelt so hopefully that claim is true so it is usable book..i hope it won't be too many errors if i do speak it as its wrote-thats what says its mostly same

This is a great book with alot of vocabulary and really useful tips and hints. The only thing this and ALL Fijian language courses are missing an audio component. I can read the words but I'm not sure if I'm saying them correctly.
