Anne Vittur Kennedy loves the quiet space of her studio and lives in Ohio with her husband, Jack; her dog, Brody; and her horses, Sitka and Frisco.

“Thanks to our God, we pray before we rest. Food, friends, and family goodness, we are blessed.” Anne Vittur Kennedy ends her children’s book, *One Big Turkey*. What This twenty-page cut-out board book targets children ages four to eight years old who enjoy stories about animals, numbers, and being thankful. Focusing on counting things to be thankful for via animals and objects, the colorful pages are filled with bright expressions with easy-to-read rhyming lines. With multiple-syllable and a few hard-to-comprehend words, the book would best be read out

loud to beginner readers. Each page that depicts a number of items also includes its matching numeral number in its corner. ~ Why ~Using animals from turkey, squirrels, deer, and mice to geese, rabbits, skunks, fireflies, and an owl, the book shows how to be thankful for not only feathers, food, berries, wheat, corn, apples, plums, pumpkins, squash, and grapes but also to God. I like how the pictures are engaging and detailed enough to keep a young child's attention as they search for the right number of items. ~ Why Not ~With multiple-syllable and a few hard-to-comprehend words, the book would best be read out loud to beginner readers. Those who cannot focus well may not like trying to find and count the objects. ~ Who ~Living in Ohio with her husband and several pets, Kennedy has been writing and illustrating fun and playful children's books for thirty years and has won several book awards. ~ Wish ~Although the rhyming is charming, it would help if some of the complicated wording were easier to understand for the younger listeners. ~ Want ~If you are looking for a children's book that helps teach counting from one to ten and thanking God, this is a cute book. One Big Turkey, written and illustrated by Anne VitturKennedy is a cute board book that kids will love reading as well as counting along. Autumn will be here before we know and so will Thanksgiving, which will be the perfect time to introduce the kids to this book. I really like that while reading the book kids can count along or search for the things from the text in the picture. The text has a nice rhythm to it which my daughter loves listening to, she even tries to read along, she will be 3 soon, as there are no hard texts she can read a few words and with help from me or my husband she can read the full book. The illustration is really cute and full of cute animals which really catches my daughter's attention. The text talks about the various kind of foods and relates them to different animals meal and at the end it thanks God for all the blessings we have in our life. The illustration is full of fall colors, pretty and appropriate for the Thanksgiving time. The boards are thick and do not easily bend, there are no shape edges and the book has a nice curve shape which is another reason my daughter liked it very much. I have already read the book about 20 times to my daughter and she still likes listening to the rhymic text before she goes to bed. **DISCLAIMER:** I received a copy from the publishers in return for my honest and unbiased review. As a homeschooling mother, I have really been enjoying the book "One Big Turkey," by Anne Vittur Kennedy this autumn season. It is perfect for those who are infant-aged because it is great size for their hands to hold. The vivid color really interest their eyes. Since it is a board book, it is very durable for the toddlers to bring throughout the home with them.who are preschool age will enjoy counting the various food and animals throughout the book. I like how each page includes the numerical number of animals as well as spelling out each number so that the children can relate the two. It is even a great book for those who are learning to read - with simple and short sentences. My favorite part about this book is the pictures. Each illustration shows characters full of such joy and contentment. The colors are vivid and the illustrations are unique. I enjoy really taking in each page. I received this book through [...]. It is a real treat for me and my family to be able to enjoy such a delightful book. Thank you!

One Big Turkey is a Thanksgiving book, but that doesn't mean you can't start reading it to your children now. This book is perfect for any child birth-3 (even 4) years old. The book focuses on counting. Throughout the book you and your child will count: turkeys, squirrels, deer, mice, nuts, corn, apples, pumpkins, and other fall related items. A turkey is on every page, so this book could also be a seek and find for little ones. One Big Turkey is one of the few children's Christian books that I have read that doesn't have any forced (awkward) rhymes. Each rhyming page actually makes sense and flows with the story. The illustrations are realistic and beautiful. At the end of the book, you will remind your child to give thanks to God, which is certainly the most important part of the story. I have given a copy of this book in exchange for an honest review.
