I wish more schools would inspire kids to be more musically active. There is so much to learn. If your kids go to a school that encourages music, this sheet music book is the one to get. This music book contains blank pages of sheet music. The paper is really nice to write on. There is more than enough space to add in higher and lower notes. This is a great book to encourage children's creativity. What sets this book apart from other sheet music notebooks, is the cover. The design on the cover is overall beautiful. It is fun and just has a love of music flowing from it. On the bottom are spaces for Name, School, and Class making it identifiable. If your kids take music in school, this empty sheet music book will set them apart from the rest of the kids. A great way to help them inspire their musical creativity. I received this blank sheet music book in exchange for an honest review. All opinions are mine and were in no way influenced by outside sources. I am a professional blogger at Little Lady Plays

I received this blank music sheet notebook for free to try and review; regardless this is mine and my daughters 100% honest opinions. My daughters in high school doing marching band and regular band playing at this time 4 different instruments depending on the teachers need and what they are playing for. She plays oboe, bass clarinet, clarinet and cymbals. She loves this notebook with its blank staves so that she can pencil in whatever music that she wants to. She sometimes likes to create her own, and can use this to get it down on paper. Other times the teacher doesn't have enough copies so she can quickly make a hand copy herself. There are even times that the teacher

can not find oboe music so he will give her other instrument parts and the two of them use it to create her part. Once edited and all marked up she can rewrite it here to have a nice clean version. She has been using this a lot since she got it and she also really likes the look of it. For a teenager she thinks it looks cool and not just a boring old notebook. It also has places for her to record practice and her information so if it's left around the band room the teacher or other students know who to give it to.

I ordered this Manuscript Paper by Mirabell Publishing for my 12 year old son who plays the clarinet. This book has eight staff lines for him to create his own music. On the front it offers place for name, school, and class so if he were to lose it, it would be returned easy. He loves it and has already filled about 10 of the 78 pages. The book measures 8 x 0.2 x 10 inches so it easily fits in their backpack. This would make a great gift for any music player!! hope this helps!! am a Top Reviewer for received a sample for evaluation and unbiased review.
