## Customer Reviews

Amazing awesome book. The projects are stylishly cute without being trite. Gretel is a true artist with an amazing eye for line and detail and the simplest of the projects are some of the most stunning visually. The projects are well illustrated and the process fully documented. The photos are lovely and beautifully styled. I would suggest this as an excellent introduction to needle felting for any beginner and as a refreshing expansion for the more experienced crafter. I purchased this book to use when crafting with my niece and am looking forward to many delightful shared lessons.

This is a very nice book with clear step-by-step instructions to make the figures shown. Should be

enough to get you competent enough to work out your own designs as well as give some inspiration for other projects. My 9 year old discovered needle felting and this book, some roving, felting needles and a pad will occupy her for hours at a time.

Really nice book with great photos and tips for techniques. My 10 yr old daughter loves it and did a felting project for the 4-H County Fair and now is going to the Oregon State Fair this summer.

Two by two....im felting two by two.... If Noah had this book he wouldn't have to collect animals he could have just made em. Great book. Easy to follow

The giraffe is just a hoot. They are really all grand, the directions are easily followed. They are so whimsy and make cute gifts for special friends or children's mobiles. I love this book! Meb from Green Bay WI.

Really adorable.

Great book with lots of instructions! Really cute easy to copy projects! Easy to follow with progress pics!
