Customer Reviews

I already had the Filipino cookbook and gave a three star review. I think this author either thinks we know what an ingredient is, or wants to get the cookbook out so fast he truly doesn't care if we want to prepare a recipe but are unfamiliar with an ingredient or don't have a clue where to find it. Maybe even if there's a common ingredient we can substitute. A lot of cookbooks suffer in this way, so this

isn't directed solely to this author. I'm literally drooling over some of these recipes - the pictures help - but because I don't know where to get some of these ingredients, I am lost.

This pack is really useful and ideal for all tastes. It contains recipes for 6 different areas in one bundle. It is suitable for all people because here we can find a great variety of recipes with different flavors. This Bundle is big and very informative. The books are well written and the directions are clear and often simply. Good Job!

I found this bundle of 120 recipes and I knew I had to have it. I've been a vegetarian for some time now and I know that the Asian culture eats less meat than the U.S. culture. This book was full of fantastic recipes, including many vegetarian recipes. I recommend this collection to anyone looking to add some delicious southeastern Asian recipes to their collection.

Being an Asian cookbook author myself I can really appreciate this book. It starts out with Filipino recipes, which I love because my sister-in-law is Filipino and she always brings over these great dishes. I think I will finish this part of the bundle and invite her over and surprise her with one of the dishes from this book.

This is an awesome collection of the wonderful cuisine of Southeast Asia. I love the first book, the Filipino book, as I was surprised with the first dish featured, never heard of "balut" cooked that way, I only know that Filipinos eat this one of a kind egg directly from the shell with seasoned vinegar and salt, great to know a variation of it, can't wait to try this one. I like to give this bundle a thumbs up as it is rare to find all unique tastes of Southeast Asia in one place. In this book you'll find Cambodian, Vietnamese, Indonesian, Malaysian, Thai Filipino Cuisine.
