International Taxation In America For The Entrepreneur: Updated January 2017

Synopsis

I know your time is valuable; so I made the book easy to read in a few hours. I also created an audiobook for those that find themselves stuck in traffic. My book is ideal for the European investing or moving to the U.S. and for the American with either an e-commerce or international business. The Book was updated May 2017 Easy to read (about two hours) and understand with a blueprint to solving the multinational tax challenges that your business faces. You'll experience chapter after chapter of time-tested practical tips, the techniques and the innovative strategies that have helped so many businesses to overcome the international tax challenges... that hold back their growth and income potential. You quickly learn how to save taxes and protect assets. Business owners are saving taxes using our tried and true tax plans. The Entrepreneur edition is the blueprint of what you to do to create wealth while saving taxes. Besides international tax planning articles, tax treaties, rulings, regulations and leading court cases, you have access to our Custom Google site that includes more than 300,000 hidden pages on the IRS website and our blog. "International Taxation in America for the Entrepreneur" redefines the meaning of the word "Taxation" ...that elusive 'something' that is an inherent problem in so many of your businesses...and you'll gain the insight of how to move beyond the myths and the barriers that can cause your "bottom line" to be the adversely affected.

Customer Reviews

I got this book several months ago and just occasionally I've been browsing through it, but now that I need it most I've read it all and I can tell that I will get back to it several more times: highly informative and educational

I bought the Kindle version to compliment the International Taxation in America which the author was kind enough to post three chapters free on Kindle back in 2012. The subject matter in these books is very technical and is certainly not for the novice.

Followed up by meeting with Brian Dooley. Expert in personal and business tax.

Brian Dooley's new book, "International Tax Planning in America for the Entrepreneur" is a must-read for international tax experts. Brian is a renowned expert on the international tax issues faced by businesses and is a "fountain of information."

This book makes sense for any business owner who is operating or considering operating in multiple countries. Brian Dooley makes sure businesses don't pay more taxes than they need to. He is truly an expert in his field.

Excellent

Brian gives a very detailed view of this complex foreign tax area. He divides the book well so it can easily be followed by the readers.

A well written book with lot of valuable information in a single place. Brian has a good command of the subject matter
