Java Adventure Guide

Synopsis

The ultimate adventure guide This is the most comprehensive guide to Java ever produced. Hundreds of pages of travel tips and dozens of lively articles on history, nature, and the arts, take you right under the surface of Javanese life, with visits to lots of unique places. Under the volcano Java's 121 active volcanoes rumble and roar above one of the world's most dramatic tropical landscapes. Whether you come here to trek the volcanoes or to visit the island's impressive ancient monuments, Java provides the adventure of a lifetime. The nitty gritty, from A to Z Detailed maps of all areas of interest are included along with personal recommendations from our expert authors on how to get around, where to stay and eat, and how to get the best value for your money.

Customer Reviews

I ordered a used copy that was a 1997 edition. Not sure what the situation is with newer ones, but this is still an excellent guide to Javanese culture, with much deeper detail than other books.

Goes in depth about culture. The author includes many side trips and small villages that are worth a

visit.

This book contains excellent background information on Java and descriptions of both its major highlights and obscure attractions - particularly archeological remains and national parks - written by a team of expert authors along with photos of stunning quality. Practical information is found separately in the back of the book, and is somewhat dated but still adequate. Highly recommended, even as a 2nd guidebook if you already have a general Indonesia guide stronger on practical details like Lonely Planet or Rough Guide.
