Great resource for US history teachers. I would probably dare say that it fits better for Honors class, as readings and documents can be a bit complex. However, what I really like is how it breaks down information chronologically, and manages to create resources for many major events in US history. It also contains questions to use, or think about, and there are some (rather few) graphics.

Recommended!! I would have liked to see a full size text, for better reading, and would have liked an answer sheet, along (yes, I am lazy at times).
