The Beauty's Beast

Synopsis

In Hollywood everyone dreams about the fairytale ending. But I'm not promising her happily ever after. Just one night with the beast. Gabe You know what's f*cking ironic? They used to call me Gabe the Babe. Of course, that was before an IED blew half my face off. Now my scars are all anyone can see. Unless I'm prowling the floors of an LA sex club. When I walk in there, barely dressed, women aren't looking at my face. Not when I'm packing a python like this. I thought I had it all figured out. Meaningless sex, no strings, no pitying looks. But then I saw her. With her innocent doe eyes, her plump lips and her breakneck curves. I know one night could never be enough. Hell, one lifetime seems too short. Vanessa can't believe I just landed the role of a lifetime. Every actress dreams of her big break and my star is on the rise. It's a dream come true. I'll be playing a nymphomaniac in the blockbuster of the year. There's only one problem: I've never had an orgasm. Ever. Not even one. So now I'm in a sex club trying to research my role when I run into the sexiest beast I've ever seen. Literally. All of a sudden I'm thinking of doing a different kind of research. With him. Between the sheets. Naked.*** The Beauty's Beast is a 53k word steamy STANDALONE contemporary romance with no cliffhanger, no cheating, and a guaranteed happily-ever-after.***

I have read all of this author's books and loved each one, but this story took me by surprise. After spending twelve years in the Navy this author left to pursue his passion for writing. I have known many ex-military men who sport a tough as nails personality. Do I know this author personally, I don't but I would have to believe that he also sports a tough personality which is necessary to survive deployments and I appreciate that he served. So why is this important to this story? Because he is a male/ex-Sailor writing romance, and I have learned from many friends that a lot of women shy away from male authors as they feel more comfortable reading female writer romance; this story is definitely a must read. Tough exterior/interior or not this author dug deep into his soul to create a stirring story that will melt your heart, make you laugh, and keep you intrigued until the end. This story is about accepting who you are, facing your fears and insecurities, and unconditional love. Inside this story; engaging characters, camaraderie, sexy flirtatious innuendos, action, gripping suspense, pent up emotions, fun times, phenomenal humor, dynamic vivid scene descriptions, sensuous passionate romance that leaves you breathless, back stories that give the reader insight to the characters, and a well deserved happy ever after when all the obstacles are laid to rest. From birth, Gabe was his mom's beautiful boy until a bomb on deployment as a Navy Seal left a hideous scar on his once beautiful face. Before his accident, his arrogant and vain behavior broke many hearts leaving women spellbound and wanting more from him. His fiancée ditched him as she could not stand the sight of him and he found all women cringed when they looked at him. Still sporting a smoking hot body he goes to sex clubs where the lights are dim and women only want what is between his legs. Vanessa, a brown-eyed curvy sassy beauty is at the sex club doing research for a movie she has the lead in. She also has an issue that haunts her; never has she reached sexual pleasure. Gabe is in awe as to the beauty he sees at the club. Walking towards her he wants to know more about her as heated desires swirl through him; but will she be able to see past the ugliness and give him a chance to prove he is more than just a sexy body? An impressive story that pulls the reader in, makes you feel and has you turning pages to learn what happens next. I am not a crier but I did well up with tears and laughed too. Both characters are certainly praiseworthy; Gabe proves to be quite the hero and Vanessa's sweet nature sees past Gabe's imperfection which reveals a beautiful loving soul. Their romance has a bit of drama, but it is genuine and filled with much devotion. I loved them together. Having read many Beauty/Beast stories, this is my fav so far. What I also love is the messages this author has in his stories; the

messages here are to look beyond the flaws because what is inside a person is way more important than what you see, communication and true acceptance is pivotal in a long lasting loving relationship. If you treasure romance with a bad boy edge this is a terrific book for your library. I relished this story so (I voluntarily reviewed an advanced copy.) Without, reservations, I recommend this book.

I couldn't put it down.....the only reason I didn't read it in half a day is because I fell asleep, (do to exhaustion, definitely not the book).The book was a breath of fresh air, and just what I needed. The main characters, you can sympathize with, and the ex-boyfriend you really just want to punch in the face.Do yourself a favor, rip a day out of the calendar, snuggle up on your couch with a blanket, tea/coffee and this book. I promise you will come out the other side, ready to take on the world.

I bought the book because it had five stars. Really people, were we reading the same book? I thought both characters were not well portrait. The story line was weak. What really gets me is the book ends at 22 percent of the book. with other short stories. i did not pay or ask for other stories.i wanted a full 5 star story about Gabe and Vanessa. i gave it 2stars because I enjoy wounded military peoplewho overcome their issues and find love

Couldn't wade past all the sex to see the story. I like a good romance novel, but this was over the top. Characters were completely superficial. I couldn't finish it. Not worth the 99 cents.

I loved this book, I have never read this author but I will be looking for more titles!

Everything about this book keeps you interested to the end. Read all of Eddie's books and can't wait for the next one!

This author has a great writing style that makes a story come alive and feel very real. He works his magic in this one too!This is a story of a former seal injured badly in Afghanistan by an IED that scarred his face and body. He's a regular at a sex club in LA because he has something that directs total attention elsewhere than on his scarred face! No time for relationships; he just wants to feel he belongs somewhere. Talking to the bartender, Gabe admits that he's bored "until the bartender points to a woman across the room that would be perfect for him. She looks nervous and out of place and he immediately feels a reaction to her. He sneaks up behind

and whispers in her ear “ which startles her into spilling her drink all over him. She distractedly runs her hand down his front to wipe it off and causes a reaction of another kind she hadn’t intended! Gabe offers to refill Vanessa’s drink if she’ll sit with him and chat. She’s grateful that he doesn’t recognize her. She’s an actress who just got a big role that she’s doing research for here at the club. As he asks her questions, she starts to relax. Two guys came over to her and Gabe steps up to protect her. While he lays them out, Vanessa runs out the side door. Her bodyguards, now unconscious, had told her the paparazzi tracked her down. She definitely did not want to be seen leaving a sex club! As she speeds away in her agent’s car, Gabe is not so lucky. He runs outside and the explosion of flashing lightbulbs trigger a momentary flashback to Afghanistan! He spots a cab and offers triple the rate to get out of there. And as they drive away, his thoughts are on Vanessa “ a woman who looked at him and saw the real man inside. But how will he be able to find her again? This is a fantastic story! The characters are developed fully so that the reader immediately understands their issues and attitudes. The story line is fast, suspenseful, and intriguing! There is so much more ahead, and I urge you to grab the book and read all about it! You won’t be sorry, I promise!
