## Customer Reviews

Steven M. Freund attended the University of Central Florida and serves as a leader instructor of various Microsoft Office, computer concepts, programming, and Internet technology courses throughout Central Florida. An integral author for the successful Shelly Cashman Series since 2001, he has presented at the annual customer conference, the Shelly Cashman Series Institute, as well as other customer events. Mr. Freund has co-authored multiple editions of DISCOVERING

COMPUTERS, Mozilla Firefox, Windows Internet Explorer, Windows, Office, and Dreamweaver books. He has also written numerous successful instructor supplements. Mary Z. Last has taught computer information systems since 1984. She retired from the University of Mary Hardin-Baylor, Belton, Texas, where she served as Associate Professor and the Director of the Center for Effectiveness in Learning and Teaching. Ms. Last is actively involved in the Computing Educator's Oral History Project that encourages young women to pursue careers in math and science. She has been a contributing author to the Shelly Cashman Series since 1992. She also authors many instructor resources for database texts. Philip J. Pratt is Professor Emeritus of Mathematics and Computer Science at Grand Valley State University, where he taught for 33 years. His teaching interests include database management, systems analysis, complex analysis, and discrete mathematics. He has authored more than 75 textbooks and has co-authored three levels of Microsoft Office Access 2013 books for this popular Shelly Cashman Series and A GUIDE TO SQL. Susan L. Sebok is a retired professor at South Suburban College in South Holland, Illinois. She is also a licensed attorney. Ms. Sebok has co-authored several successful textbooks for the leading Shelly Cashman Series, including multiple versions of Microsoft PowerPoint and DISCOVERING COMPUTERS. Misty E. Vermaat has more than 25 years of experience in the field of computer and information technology. In addition to consulting in the field, she was an Associate Professor at Purdue University Calumet, teaching or developing Microsoft Office, computer concepts, database management, systems analysis and design, and programming courses. Since 1990, Ms. Vermaat has led the development of the Shelly Cashman Series and has written or co-authored numerous Series textbooks, including many editions of DISCOVERING COMPUTERS, DISCOVERING COMPUTERS FUNDAMENTALS, and Microsoft Word books.

Did what I needed it to do

Great price

Very thorough, but sometimes repetitive.

delivered and described as expected.

I purchased in a bind because it was new and very hard to find. I didn't realize it would come without the code my daughter needed to be able to use it.

I like it.

Informative and helpful, but not catered towards Mac users. Still works, but there are instructions that don't pertain to Mac users and a bit of searching must be done. I just Googled what I was looking for and multiple blogs popped up on the hard to find or non-existent items. Otherwise great product. Will be having my kids go through the activities over the summer!
